

Man-made electromagnetic radiation is everywhere, for better or worse.

An energyDOT® is a small, ultra-thin disc, programmed to retune or harmonise the effects of this radiation - to help keep your body balanced and healthy - all the time.

The investment is modest, the results can be profound:

- More energy
- Greater concentration
- Better sleep
- Fewer headaches
- Less stress
- All-round wellbeing

We have a new selection of Products in the diodes section which include:
